# TrustBox Mute Quickstart Guide

CONTENTS OF THE BOX:

1x TrustBox Mute

1x USB C to C cable

---

1 Unpack

- Remove the TrustBox Mute from its packaging

2 Open

- Open the TrustBox Mute by releasing the clasp on the right hand side and opening the lid

3 Turn on

- Turn on theTrustBox Mute by switching the switch (2) to its "ON" position
- For first-time use charge the TrustBox Mute to full using the included C to C USB cable. Once fully charged 3 leds (3,4,5) will be lit

4 Place phone

- Place your mobile phone into the TrustBox Mute

TrustBox Mute
Quickstart Guide

5 Verify settings

- Check if the TrustBox Mute is switched on (2) and the volume is on the appropriate level (6)
- Led (6) color indicates one of 6 generated noise levels:
  2x Blue - Normal noise levels;
  2x Green - High noise levels;
  2x Red - Extra high noise levels

6 Close the box and enjoy privacy

- Firmly close the TrustBox Mute by using the clasp on the right-hand side. An audible click confirms proper closing
- Speak without the possibility of eavesdropping

7 Advanced use: power management

- When not using the TrustBox Mute we advise putting it into "travel mode" by pushing the volume button down "-" (8) for 3 seconds until you hear 2 beeps. Then close the Box, after opening it will turn itself on again
- When storing the TrustBox Mute for longer time charge the TrustBox Mute to full and switch the on/off button (2) to off

8 Advanced use: control explanation

1. QI (only available at 5V 3A)
2. On/Off switch
3. Battery level LED 1 (more than 80%)
4. Battery level LED 2 (more than 20%)
5. Battery level LED 3 (less than 20%)
6. Volume level LED/QI Charging indicator
7. Speaker
8. Volume controls +/-
